Supporting social innovation for a sustainable industry

What we do

SoTecIn Factory is a collaborative environment aimed at improving the resilience and sustainability of European industry by supporting a community of mission-oriented social innovators and connecting them to technology providers and industrial companies.

Formulate 7 Missions

based on target value chains across 7 economic regions, as the basis of the industry challenges to be solved with social innovation.

Build Mission Councils

with 40+ experts serving as "Mission Guardians" and social innovators supporters.

Identify Challenge Owners

23 private & public industry actors facing Mission-based circular Challenges within their organisation.

Support Social Innovators via EUR 3.3M funding & support programme

for 50 Mission-based solutions based on higher R circular strategies + 30 pre-market technological demonstrations.

Target Value Chains:

Packaging

Plastics

Textiles

Food, Water & Nutrients
